Professional Experience

AMAL ACADEMY   Lahore, Pakistan
Education startup funded by Stanford University that teaches professional skills to students and corporations
Career-Prep Fellow   ***August 2023– Present***
- *Communication:* Completed a competitive written application and interview process to be selected from over 4,500 applicants for intensive 3-month Fellowship funded by Stanford University.
- *Skills development:* Investing 150 hours in order to develop business skills (e.g., communication, leadership, problem solving, teamwork, etc.) that will help me make a deeper impact on the job.

CODSOFT
This company believes practical knowledge is the key to success in the tech industry. They help students lacking basic skills by offering hands-on learning through live projects and real-world examples.
Web development internee   ***September 2023– Present***
- *Self-Learning*: Learned front end web development by myself, made several projects and then I got this internship that is to be started.

Academic Experience

Restaurant Management System Database   Lahore, Pakistan
A database for the restaurants to store the information about their customers and all other stuff in the restaurant.
Team Lead   ***September 2020 – December 2020***
- *Database:* Every business needs a database to store information about their customers,stakeholders and all other stuff in a restaurant rather than to write all details on paper.

Separation of recyclable Material from garbage   Lahore, Pakistan
Detecting recyclable material in garbage and giving an estimate to the authorities on how much total recyclable material is present in the total garbage.
Team lead   ***November 2022 – January 2022***
- *Estimation:* Provided the estimation of the recyclable materials present in the garbage to the waste management authorities because the garbage contains recyclable materials that can be reused.
